

Aviation Representative Up to \$97,760/annually St. Paul, MN

This position provides technical expertise in the development, preservation, and safety of aviation in Minnesota. Duties include inspecting and licensing airports and commercial aviation operators; enforcing Minnesota Statutes and Rules pertaining to aeronautics; organizing and conducting safety and educational seminars for pilots and airport operators; and providing pilot services in single and multi-engine aircraft.

In-state travel is required up to 50% of the time; this includes some in-state overnight travel.

WHY WORK FOR US

We offer excellent employee benefits, such as low-cost health and dental insurance, and affordable dependent coverage. Other benefits include:

- 12 paid holidays per year
- Earn up to 29 paid vacation days a year
- Earn 13 days paid sick time
- Defined pension plan
- Paid life insurance
- Some telework may be available
- Paid parental leave available
- And more!

MINIMUM QUALIFICATIONS

Three years professional experience in any of the following:

- Experience in the airfield operations of an airport (e.g., Airfield Safety, Landside Operations, Airside Operations, Fixed Based Operator, Aviation Safety Inspector etc.).
- Providing airport planning, construction consultation of airport development or construction of an airport (e.g., Project Manager, Planner or consultant for a firm that specializes in airports).
- Served as a Chief Flight Instructor, Assistant Chief Flight Instructor or Certified Flight Instructor for a CFR Title 14, Part 141, or Part 61 Flight School.
- Experience in aircraft maintenance, production, manufacturing operations or the operation of a business affiliated with aircraft.
- Providing consultation on aviation or airport data management for the military, the Federal Aviation Administration (FAA), a contractor for the FAA, or a state agency (e.g., dispatch services, air traffic control).
- Experience as a professional Pilot for the Military, CFR Title 14, Part 121, Part 135, or Part 91.

A bachelor's or master's degree in aviation or airport management may substitute for six months of professional experience.

Required Certifications:

- Commercial Pilot Certificate with instrument rating or airline Transport Pilot Certificate.
- Current First-Class Medical Certificate by the time of appointment.
- Valid driver's license.
