

Bombardier Challenger 350 Co-Captain

Plane Solutions is a premier provider of private aviation services & solutions. We have an immediate opportunity for an aviation professional to join us in a Co-Captain position for a turnkey managed FAR Part 91 Challenger 350 based in the Minneapolis, MN area.

The successful candidate will exemplify the traits and knowledge of a consummate aviation professional who will deliver the excellence in service and safety we promise our clients. This is a full-time, salaried position and includes competitive pay for the class of aircraft. Plane Solutions provides full-time employees with health, dental and vision insurance paid 100% by the company as well as paid vacation, PTO and 401K retirement account with match.

Minimum Qualifications

3,000 Total Flight Hours

1,000 Turbojet Aircraft

A Challenger CL-30 Type Rating will be an advantage but is not a requirement.

Additionally, the following criteria must also be met by all successful applicants:

Possess current second class or first class medical, no drug or alcohol convictions.

Possess a current US ATP or Commercial pilot Certificate.

Strong communication, interpersonal and customer service skills are required.

Must be IOS and PC fluent, possess valid driver's license, valid passport and eligible for international travel.

Must live within 1 hour commute time from base airport.

Must be able to repeatedly lift 50 pounds.

Crew will be required to perform additional aircraft-related duties.

Successful candidates will undergo an employment history and criminal history background check.

Additionally, Plane Solutions is a tobacco and drug free employer and all successful candidates will undergo initial and random drug and tobacco use screening.

Relocation assistance is available.
