

Biography for Mark Schreier

Mark Schreier is a commercial pilot with single engine land and sea and multi-engine land ratings. He was an Air Traffic Controller at MSP (Minneapolis-St. Paul International Airport) for over 25 years and is now enjoying his "2nd career" as a corporate pilot, flying around the US and Canada, visiting fun places AND getting paid to do so!

He is a lead FAASTeam Representative with the MSP Flight Standards District Office and has served as the Safety Representative for the controllers union (NATCA) at MSP, was the Approach Control Training Specialist at MSP and has consulted with NASA as a subject matter expert for Air Traffic Control Procedures. Mark was also the director of safety at a Minneapolis based flight department.

Mark is well known among numerous Aviation groups for his educational and entertaining presentations on Aviation Safety.

Mark received a national award in Washington DC from the FAA Administrator, in recognition of over 25 years educating and counseling pilots, entertaining the pilot community with his humorous, educational presentations and his overall advocacy for aviation safety. Being both a pilot since 1979 and an Air Traffic Controller for over 30 years, gives Mark valuable insight to both sides of the frequency.
